[COMPANY_NAME] hiring manager

11 June, 2026

Dear Hiring Manager at [COMPANY_NAME],

I am writing to express my interest in opportunities at [COMPANY_NAME]. With more than 12 years of experience in software development, system architecture, computer graphics, and immersive technologies, I believe I can contribute both strong technical expertise and a strategic approach to product and software development.

I hold a Master's degree in Computer Science from KTH Royal Institute of Technology and have worked across a wide range of industries, including visualization, simulation, enterprise software, and emerging technologies. Throughout my career, I have designed and developed scalable software solutions using technologies such as C++, C#, Java, Python, .NET, SQL, and Unity. My experience spans backend development, full-stack applications, system architecture, database design, real-time rendering, and AI-driven solutions.

Most recently, I served as Chief Technology Officer (CTO), where I was responsible for technology strategy, software architecture, product development, and engineering leadership. This role strengthened my ability to align technical decisions with business objectives while leading teams in delivering high-quality software products. I enjoy solving complex technical challenges and building systems that balance performance, maintainability, and long-term business value.

What attracts me to [COMPANY_NAME] is the opportunity to contribute to innovative products and collaborate with talented professionals to solve meaningful challenges. I thrive in environments that value technical excellence, continuous learning, and product-focused thinking, and I am excited about the possibility of bringing my experience and leadership skills to your organization.

Thank you for considering my application. I would welcome the opportunity to discuss how my background, technical expertise, and leadership experience can contribute to the continued success of [COMPANY_NAME].

Your sincerely,

Sebastian Östlund
